INTRODUCING

## InfoBank®

Dear Valued Don Lee Farms School Customer:

Don Lee Farms is excited to share with you our new customized, customer-designed commodity tracking system: InfoBank®.

InfoBank® is a new real time commodity tracking system designed to be user-friendly and to provide you with all of the information that you need to effectively manage your commodity balances and transactions.

Features include:

- Rolling balances based on usage to assist in managing inventory to meet state guidelines
- Ability to sort data in time periods that you want and need
- Provides summary data to review at year end to best plan for upcoming school year

As of June 26th, we will be transferring all current commodity data from ProcessorLink™ to InfoBank®. The process for you is simple. Just log into InfoBank.DonLeeFarms.com, complete your profile and, upon confirmation, you are up and running.

We have a dedicated team of internal resources who can guide you each step of the way. For immediate assistance, contact Delores Rose at 310-674-3180 ext.147 or by email at delores@donleefarms.com.

We know that your time is limited. That is why InfoBank® covers all of your needs related to Don Lee Farms:

- Learn what is new and exciting in terms of services and products
- Access current nutritional information for menu planning/audit needs
- Complete list of products available--commodity as well as commercial
- Contact information

This system, a service developed exclusively for our customers, will continue to evolve based on your feedback and needs.

For those of you who are attending ANC in Las Vegas, please stop by our booth (2072) to sign up!

Also please join me in welcoming Dr. Jean Harris as our newly hired Senior Vice President of School/Government Relations and Mike Stafford, Eastern Division Director of School Sales. Both will be with us at ANC so stop by and say hello!

Sincerely,

Donald Goodman  
President
